

DEAR OLD PETE:

Winston-Salem, N. C.  
Friday p. m.

Just wound up the one swellest day of my life! Since early this morning, when I got an invitation to visit R. J. Reynolds Tobacco Co. factories, I've been in the midst of millions of Camel cigarettes.

Man—the happiest idea you or I ever had as to the size of this Reynolds enterprise, or the number of Camels manufactured daily, is simply piker-stuff! Wipe off the slate and start fresh! Why—Pete, it seemed to me like a couple of those cigarette-making machines could keep half the nation smoking Camels steadily—BUT—honest to goodness, there are hundreds of these machines batting out Camels at the rate of 27,000 an hour—EACH!

Pete, you wouldn't have to consult a guide book to know you were in the Camel factories! The atmosphere is charged with that wonderful aroma you get when you open up a deck of Camels! And, you know, old elephant—you've had a trunk full!

As the Camels dropped into the containers I figured the delight each one would supply! And, how Camels mellow, mild body would hit the right spot and how Camels refreshing flavor would cheer up some smoker's jaded appetite! And, each Camel free from any unpleasant cigarette aftertaste or unpleasant cigarette odor! And—

Pete—I'll have to lay off and light another Camel! Write you some more soon.

Yours joyously

Shorty.

CIGARETTES

## KIRKSVILLE

Rufus Blakerian is constructing a new bungalow.

Little Jane Hagan is quite ill with scarlet fever.

Miss Ida Whitlock was a visitor

STOCKTON and SON

here Wednesday.

Vernon Coy and Miss Laura Lawson surprised their friends by motor-ing to Paris, where they were quietly married. Both are popular young people of this section, where, after an extended wedding trip, they will make their home.

Miss Minna Duerson and G. C. Henry surprised their many friends by eloping to Jellico, Tenn., where they were married. After a brief wedding trip they have returned home.

The manager of the Home Telephone company has completed the wiring of the line and this service is

again being enjoyed.

Mrs. Perry, of Lexington, is visiting her friend, Mrs. S. P. Ross, of this section.

The firm of J. & C. P. Wagers has established a new electric light plant.

"Keep faith with the dead," is a slogan taken up by a large number of Lexington veterans who have taken the field for Cox.

Thirty thousand persons in 164 counties were aided during the past year by the home service of the Red Cross.

## COAL SCARCITY CAUSES CONCERN

Less Quantity In County At This  
Period of the Year Than For  
a Decade

There is a scarcity of coal at College Hill, Moberly and the vicinity, and G. L. Edwards was named as a delegate to go and look after some winter fuel. He set out for Barboursville, where he hopes to procure a large shipment. He stated upon his departure that he had been promised a large shipment of coal for the last three months, but has been utterly unable to get any, even a small quantity, and is fearful, as are many of the other residents of that vicinity, that cold weather will be upon them within a short time, and that the coal will be as short.

This is but one of the numerous localities in this and other parts of the county where there is a shortage of fuel, and there are reports from various points to the effect that repeated efforts have been made to obtain coal. Some of the smaller dealers report they have not been able to get a price quotation; others claim they have been promised coal for several weeks, and some for several months past, with the result that they have received none whatsoever.

As to the reasons given by some who have pressed the matter of obtaining fuel, they have been informed that the shortage of cars is the cause. This is the reason given in almost every instance where the report has been followed up in order to ascertain the reason. "No cars," is the invariable reply—but most of them state, there has been a notice appended stating they "might look for a shipment at any time." This was assuring for a time; however, as weeks rolled by, many of the residents as well as the dealers became uneasy. It is stated that for this time of the year there is the least amount of coal in the county that there has been for years, and a protracted cold period, especially after such a high temperature, would doubtless work a hardship and cause much suffering, dealers throughout the county assert.

## RAIN STOPS WORK ON CITY STREETS

There have been three weeks of fine weather without interference by rain, and the result has been apparent with the street paving work. This is the longest period without cessation on account of rain since the work was begun. But little more time will be required, since the men state they have a "clear shoot" east on Main street and the excavation work is practically completed. With this done, the working force will be doubled in other lines, with the result that the finishing of the work will be brought about at a much more rapid rate than anticipated by many. The up-town work is being finished with the result that the entire force will be sent to East Main street, where the finishing touches will be applied as soon as possible, since there is an ample supply of material and it is believed there will be no delay on this account.

### Why Shouldn't They?

Members of the Centre College football team report they were royally treated and well entertained by the Easterners while on their visit there and despite their defeat, they enjoyed the trip hugely. The article of game put up by the Centre team commands the respect and admiration of all and there is no reason why the players should not be well entertained, and this is one of the features that go in with this class of sportsmen anyhow.

At Washington, 500 Kentuckians have asked the right to vote by mail.

Three brothers at English are to be tried for murder, beginning next week.

# It Costs Less! INSTANT POSTUM

is still sold at a fair price—  
less than tea or coffee,  
and is better for you.

A healthful drink with  
a rich coffee-like flavor.  
Drink POSTUM  
instead of tea or coffee.

"There's a Reason"

SOLD BY GROCERS  
EVERYWHERE!

Made by  
Postum Cereal Co., Inc.,  
Battle Creek, Mich.

## STREETS AND ROADS READY FOR WINTER

Tarvia, which has been applied to the city streets with good results, is now being placed upon the county roads with the result that they are being improved very materially. The work, which has been started on Irvine road, will be extended to others, and will be continued until the present supply of tarvia has been exhausted. By this time, there will be another car load for city use, and the machine and working crew will be brought back to Richmond. The work will be resumed here where it was left off and while there will be a number of streets inside the treated, there will be a continuation of the work at the end of the paving which will make the entrances to the city more attractive than ever. This winter will find the streets of the city and roads of the county in the best condition recorded within a period of 20 years, it is stated.

### Interior Decorating

Interior decorating will be started within a short time at the new Presbyterian church on West Main, since the roof is about completed, and the workmen for the remainder of the job will be on the inside. This has been the int'ion of Contractor Shackelford, who has the contract in charge. He will thus be able to continue work, within a short time, regardless of the weather.

**RAIN SAVED TOBACCO**  
Thousands of dollars' worth of tobacco is said to have been saved by the rain of Monday night. Some of the producers state that was the case in sheds, being "peeled" by the little wind that blew, owing to the dry condition of the tobacco, and there was no manner in which it could be stopped.

## LADIES----

"The Sunny Side Tailor Shop" caters especially to work for the ladies in

- Cleaning,
- Repairing,
- and
- Alterations.

We have an expert tailor who can do as fine work as the tailors in larger cities.

All work guaranteed.
